Today's Framework

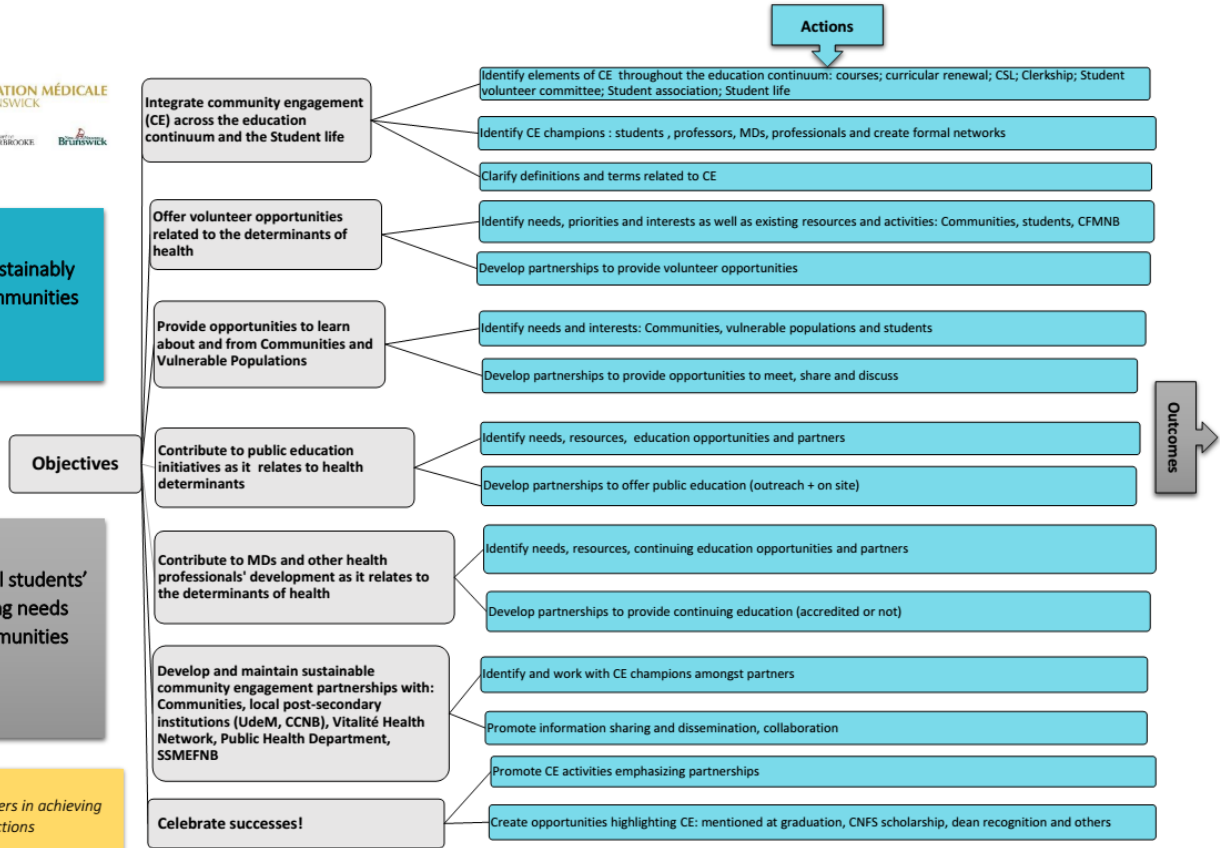

Community Engagement at CFMNB - An Evolving Framework

VISION
Medical education sustainably committed to NB communities

MISSION
Contribute to medical students' learning while meeting needs and priorities of communities

IMPORTANT
Involve students and partners in achieving objectives and assessing actions

Golden Rule of activities involving students: 1) Be relevant to all partners; 2) Enhance learning (CanMEDS); 3) Prepare for citizen participation

The pillars

VISION

Medical education sustainably
committed to NB communities

MISSION

Contribute to medical students' learning
while meeting needs and priorities of
communities

IMPORTANT

*Involve students and partners in
achieving objectives and
assessing actions*

Golden Rule of activities involving students:

- 1) Be relevant to all partners;
- 2) Enhance learning (CanMEDS);
- 3) Prepare for citizen participation

Our objectives

Objectives

Integrate community engagement (CE) across the education continuum and the Student life

Offer volunteer opportunities

Provide opportunities to learn

Contribute to public education initiatives

Contribute to MDs and other health professionals' development

Develop and maintain sustainable community engagement partnerships

Celebrate successes!

Integrate community engagement (CE) across the education continuum and the Student life

Identify elements of CE throughout the education continuum

Identify CE champions and create formal network

Clarify definitions and terms related to CE

What does
it mean for
us?

Finally... the Framework

- Provides a common language
 - Focuses resources
 - Strengthens a culture of engagement
 - Serves as a map to prioritize
 - Demonstrates commitment and openness
 - Must be flexible
- Must promote sustainable engagement and sharing
 - Must be designed to contribute as much to student learning as to respond to community priorities

Can be adapted to your needs!!
